

# Come and make things better at your GP Surgery

An EasyRead leaflet about  
Patient Participation Groups

A Patient Group is a group of patients who come together to help make things better at their GP Surgery.

They work together with doctors and staff and the community.

Your next appointment is:

Date: 19th July

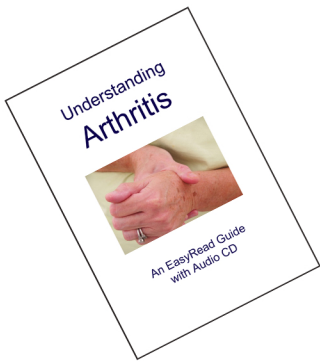

Time: 9.15am

Please call 123-456-7890  
if you must reschedule or cancel.

The group might talk about opening hours, how you make an appointment, and how to get to see the doctor you want to see.

They might help to organise Healthy Living Events.

They might help to make sure that information is available in the way you want it.

They can help GPs decide what health services your community needs.

Anyone can join the Patient Group at their GP Surgery.

For more information, ask the receptionist at your GP Surgery or look on the Patient Notice Board.

You can find out more  
about Patient Participation  
Groups by contacting  
Healthwatch Bradford  
and District

You can telephone them  
on 01535 665258

Their website is at
